

As we reflect on the past ten weeks, I am proud of the hard work and dedication from everyone in our school community. It has been a buzz of activity in classrooms, the library, sporting fields and in the piazza.

I wanted to highlight some of the key accomplishments and ongoing projects:

Academic Growth:

Our school continues to make strides in fostering academic excellence. From enhanced curriculum initiatives to new study resources, we've seen improved student engagement and performance. The school should be proud of maintaining their Club 30 (Mean Study Score) and in a couple of weeks the school can reflect on the NAPLAN Data to implement interventions as needed.

Community Building:

On Monday 24 March 2025, we celebrated Harmony Day where we came together for a sausage and dance in the piazza, promoting a sense of belonging for all students.

Support Services:

We've expanded mental health and counselling services in partnership with Monash University, ensuring all students have access to the support they need to succeed both academically and emotionally.

Sustainability Initiatives:

Our commitment to sustainability has been stronger than ever. We've launched a recycling program, planted a school garden, and integrated eco-friendly practices into our daily routines. The Green machine met with St Peters Primary School on Monday 24 March 2025 at lunch-time.

Annual School Report for 2024

The Annual Report presented to school community at 5:00pm 26 March 2025.

Recommendation: That the School Council notes and endorses this report.
