## First Aid Policy

### Purpose

To ensure the school community understands our school's approach to first aid for students.

### Scope

All children have the right to feel safe and well, and know that they will be attended with due care when in need of First Aid. Bentleigh Secondary College has trained and experienced staff who follow First Aid procedures and processes when needed. First Aid for a range of incidents that arise, including anaphylaxis and asthma, are provided for in our school as outlined in the following policies:

- Anaphylaxis Policy
- Asthma Policy

This policy does not include information on first aid requirements for COVID-19. Our school follows the Department's operational guidance for first aid management relating to COVID-19.

### Policy

From time to time Bentleigh Secondary College staff might need to administer first aid to students at school or school activities.

Parents/carers should be aware that the goal of first aid is not to diagnose or treat a condition.

### Staffing

The Principal will ensure that Bentleigh Secondary College has sufficient staff with the appropriate levels of first aid training to meet the first aid needs of the school community. Bentleigh Secondary College's trained first aid officers are:

- The First Aid Co-ordinator,
- Staff in the General Office,
- Other staff who may provide first aid assistance as required

Our school's trained first aid officers are listed in our Emergency Management Plan (EMP) and in the First Aid Office. Both our EMP and First Aid office lists includes the expiry dates of the training.

### First aid kits

Bentleigh Secondary College will maintain:

- A major first aid kit which will be stored in the First Aid Room.
- 5 Bum bags, 3 shoulder bags and 2 camp bags (portable first aid kits) which may be used for excursions, camps, or yard duty. The portable first aid kits will be stored in the First Aid Room. 2 OES, 2 snakebite and 3 hiking first aid kits are also held in the First Aid Room for camps.

Senior students may carry their own asthma kit.

The First Aid Co-ordinator will be responsible for maintaining all first aid kits.

### Care for ill students

Students who are unwell should not attend school.

If a student becomes unwell during the school day they may be directed to First Aid Room and monitored by staff. Depending on the nature of their symptoms, staff may contact parents/carers or an emergency contact person to ask them to collect the student.

# Bentleigh Secondary College

## First aid room/sick bay area

Our school follows the Department's policy and guidance in relation to our first aid room/sick bay area to ensure it is safe, hygienic and appropriately equipped.

## First aid management

If there is a situation or incident which occurs at school or a school activity which requires first aid to be administered to a student:

- Staff who have been trained in first aid will administer first aid in accordance with their training. In an emergency situation, other staff may assist in the administration of first aid within their level of competence.
- In a medical emergency, staff may take emergency action and do not need to obtain parent/carer consent to do so. Staff may contact Triple Zero "000" for emergency medical services at any time.
- Staff may also contact NURSE-ON-CALL (on 1300 60 60 24) in an emergency. NURSE-ON-CALL provides immediate, expert health advice from a registered nurse and is available 24 hours a day, 7 days a week.
- If first aid is administered for a minor injury or condition, Bentleigh Secondary College will notify parents/carers by phone call and/or email.
- If first aid is administered for a serious injury or condition, or in an emergency situation, school staff will attempt to contact parents/carers or emergency contacts as soon as reasonably practical.
- If staff providing first aid determine that an emergency response is not required but that medical advice is needed, school staff will ask parents/carers, or an emergency contact person, to collect the student and recommend that advice is sought from a medical practitioner.
- Whenever first aid treatment is administered to a student resulting from a student incident, injury or illness, Bentleigh Secondary College will:
  - record the provision of first aid treatment on Compass Chronicle.
  - If the first aid treatment is provided following a [recorded incident](#), the details are recorded through the eduSafe Plus *Incident* form. For all other presentations, Compass Chronicle is used.
  - if care was provided in response to a medical emergency or reportable incident, follow the Department's [Reporting and Managing School Incidents Policy](#), including reporting the incident to the Department's Incident Support and Operations Centre on 1800 126 126 where required to under that policy.

In accordance with Department of Education and Training policy, analgesics, including paracetamol and aspirin, will not be stored at school or provided as a standard first aid treatments. This is because they can mask signs of serious illness or injury. For further information refer to the Department's Policy and Advisory Library: [Medication](#).

This policy will be communicated to our school community in the following ways:

- Available publicly on our school's website
- Included in staff induction processes and staff training
- Included in staff handbook/manual
- Discussed at staff briefings/meetings as required
- Included in transition and enrolment packs
- Hard copy available from school administration upon request
