matthewburke3@education.vic.gov.au

Applications due: Friday 11th October

About the program

Bentleigh's Sports Academy program has been an integral part of our school since 2017. It offers selected students in years 7-9 the chance to boost their athletic skills and overall development in a high performance setting. Students get dedicated class time to hone their sport specific skills. Students are also offered Strength & Conditioning and Pilates sessions to develop a well rounded athlete

The sports available include:

- Basketball
- AFL/AFLW
- Soccer
- Netball.

Goals for the program

Increased Female Participation

Over the last 3 years we have seen a drastic increase in female participation in our sports academy program. We want to continue to increase these numbers and eventually have stand alone female academies for all our sports

Compete with the best schools

We want our sports academy program to compete with the best sports academies/ private schools in the state in various competitions throughout the year

Base movement school

Partnership with Base Movement school to develop a more meaningful program for athlete development.

SPORTS ACADEMY LEGENDS
