Outstanding schools develop partnerships with each other within their school context and with other organisations. This term, our school developed a partnership with John Rives, CEO of Growth Mindset Institute, to pilot the Growth Mindset workbooks in our school. Last week, John made a presentation to our staff providing a framework for teachers, education support staff and students to find better ways to maximise performance and capacity for growth. One of his quotes resonated with me, ‘I don’t divide the world into the weak and the strong, or the success and the failure, those who make it or those who don’t. I divide the world into learners and non-learners’. This partnership will also provide our staff and students the opportunity to work with Professor Carol Dweck, Stanford University and Susan Mackie from Be Learning.

As a Principal undertaking learning walks, I often challenge students when I see behaviours of a non-learner, when students revert to sticking with what they know and do the same things over and over again. What I love most about Inquiry Based Learning is, that if we do it well, students are challenged beyond their comfort zone. This was clearly demonstrated in the student projects in FLIP and IBL Smoothie Project. Congratulations to the team of teachers who have done a wonderful job in supporting our students in their learning. Every day I realise more and more the importance of building our capacity to encourage students to become ‘elite’ learners. Mediocrity or ‘coasting students’ is no longer okay!

I am pleased to announce that the student elected candidates for School Council are Ruby Lowe, Year 12 (one-year term) and Tia Lambas, Year 10 (two-year term). The Bentleigh students were greeted by electorate officers in the polling booth where they collected their ballot and then cast their vote into the ballot box.

One of our students, Tannisen Elkins (Year 7), has been selected to compete in the Junior Elite National Swimming Championships in Hobart later this year. This is an outstanding achievement by Tannisen, demonstrating her commitment to her diving. Most days she is at the pool by 5am, sometimes not arriving home until after 8am from training. Congratulations Tannisen, we wish you all the best at the championships!

IMPORTANT DATES ON PAGE 26
As you can see The Da Vinci Centre is progressing quickly now. With the ground level exterior structure complete, it will not be long before the first floor will be finished. The Wellbeing Centre has relocated to the portable behind the VCE Centre.
YEAR 9 IMMIGRATION EXCURSION

Mr Cameron Johnson, Humanities Teacher

On May 21 - 22, the Year 9 cohort went to the Melbourne CBD to explore Australia’s Immigration History. Students toured the Immigration Museum where they were able to experience a range of exhibitions pertaining to the experiences of migrants throughout Australian History and the ways these had been shaped by Australia’s immigration policy. Students saw an exhibition about Ghandi’s life as a migrant and were able to take a photo with Mahatma himself. We also saw the Sandridge bridge sculptures which commemorate the different waves of migration to Australia and provide a bounty of useful information about the factors that have influenced migration to Australia.
YEAR 8 IBL SMOOTHIE BAR BUSINESS

Ms Natalie Cumming and Ms Josie Phillips, Heads of Year 8

The Year 8’s have just completed their first Inquiry Based Learning Project. The project was based on running a Smoothie Bar Business. It started with an Incursion run by TRIPOD where students learned the basics of running a business and product development. For the IBL project students were then required to investigate a business plan, develop promotional material and fully cost the running of the business. The three main learning areas integrated into the project were: English, Mathematics and Humanities.

The IBL projects at Year 8 level are designed to encourage students to become independent learners. Learning activities in IBL require students to perform their own research and apply their findings to complete set projects. Students have the opportunity to work collaboratively, sharing their ideas and taking responsibility for their own work. Classroom teachers supervise and monitor the progress of their students, though give students more freedom to work in their preferred style and pursue academic areas of interest. Students found this project very challenging however also very rewarding. On Monday night students showcased their two weeks of hard work. The standard of work presented on the evening and the creativity demonstrated is a credit to the students. It was lovely to see so many family members taking the opportunity to celebrate in their child's success.
YEAR 7 FLIP PRESENTATION NIGHT

Ms Sue Blackmore and Mr Stuart Pearson, Heads of Year 7

On Tuesday May 8, 2018 the Year 7 Future Learners Inquiry Project (FLIP) presentation night was held in the Year 7 Precinct. Each student chose an ancient civilisation to research and spent weeks preparing their display in English and Humanities classes. It was wonderful to see the large number of parents, teachers and other students who came to support the initiative. The costumes were colourful and elaborate and the dioramas were intricately crafted. It was also pleasing to see how thoroughly students knew their respective civilisation. Congratulations to the Year 7 cohort for their efforts and a big thank you to Year 7 English / Humanities teachers who set the students up to succeed.
BUSH BLOCKER’S AT BENTLEIGH

On May 11, 2018 twenty Western Port Secondary College students and two staff visited our school to study our Sustainability and Mindfulness programs and to explore our wetlands and urban forest and to see our school in operation. Four of the members of the Green Machine (our sustainability team) were invited to host the sustainability and mindfulness orientation; Kai Farrugia of Year 7, Ruby Lowe of Year 12 and Daniel Forest and Inette De Vos from Year 11. The Western Port students arrived at 10am and the Green Machine students joined them in the Conference Room where they introduced themselves and told us a little bit about why they had joined their Bush Block sustainability program. Almost all of the students enjoyed working outside of the classroom and in the community. They ranged from Year 8 to Year 11. One boy even knew one of our Year 10 students and had brought him a gift.

We all joined together with seven 7.4 students in the Mindfulness Meditation Centre for a 40 minute meditation experience. They were very impressed with our approach to Sustainability and Positive Education and are looking at how to introduce elements of these programs into their curriculum. One of their students, Riley presented our school with a small gift of two books on Mindfulness Meditation and invited students from Bentleigh Secondary to visit their school in Term 3. Having the opportunity to share experiences and get to know students from another college was a highlight for me and I hope that I will be selected to visit Western Port Secondary College. We had a break and joined together to share a wonderful lunch (wraps and fruit platters). Western Port Secondary College then left to go back to their school. There are some photos of the visit on their Instagram page @westernportsc and on our Bentleigh Secondary College Facebook page. A special thanks to Wayne Davis, Carrie Bloomfield, Western Port Secondary College and the school canteen for making this a truly memorable day. **Kai Farrugia, Year 7 Student**
CHARLIE CURTIS, YEAR 7
Charli will be starring as Tall Alice in Disney's Alice in Wonderland Jr in the July school holidays. If you would like to support Charli and Players Theatre Company come along, see information below.

WE HOPE THAT YOU ARE ENTIRELY BONKERS BECAUSE ALL THE BEST PEOPLE ARE!

WILL YOU LIKE AN ADVENTURE NOW, OR SHALL WE HAVE TEA FIRST?
COME ALONG AND SEE CHARLI CURTIS AS SHE JUMPS DOWN THE RABBIT HOLE IN THE PLAYERS THEATRE COMPANY’S PRODUCTION OF “ALICE IN WONDERLAND JR”

DRYAN REGNAUD, YEAR 8
On Sunday May 6, 2018 Dryan Regnaud a Year 8 student, entered the JVI Judo Competition and won a Gold medal in the Senior Boys age group, also a Gold medal in the Cadet Men age group and a Silver medal in the Junior Nage No Kata group. These are great achievements and we are confident that he will continue to improve his judo skills. Well done Dryan!
Students are currently completing final Learning Tasks for Semester One and SACs for Units One and Three. Exams for Year 10 and 11 begin on 8 June. Semester Two begins on 18 June. On Wednesday May 30, Year 12 students attended the Tertiary Information Session which provided students with information about how to apply for University courses. Students were also able to see some of the newly built sections of Monash University. Year 11 and 12 students had previously attended The Age VCE Expo on Thursday May 3, which provides students with information about different tertiary courses and careers. These sessions prepare students for their future study and work. Our Year 12 students and teachers were very excited this week when the jumpers arrived. They are also all much warmer now!

Interschool Debating

Mrs Watts has trained and supported our Interschool Debaters at a number of Interschool Debating events this term. Our teams have been very successful in winning debates which has been a credit to the students in terms of their general knowledge, their ability to plan and work as a team and their public speaking skills. Congratulations to the students who debated on Wednesday May 9: Hugo Linning, Tom Matthews, Perry Chryssafis, Caitlin Kenna, Clare Konstanty and Kobi Mowszowski.

Metropolitan Youth Forum

Inette De Vos and Sanlee Vom-McInnes attended the Metropolitan Youth Forum at the State Library of Victoria. This was an opportunity for young people to learn about the Victorian Government’s plans for Melbourne and to feedback ideas. This forum brought together young people from across Melbourne to discuss their experiences of living, studying and working here. Thank you to Inette and Sanlee for representing the school so ably at this event.
YEAR 10 PRESENTATION BALL

Ms Dimi Charalambous and Mr Cameron Johnson, Heads of Year 10

This year forty one of our Year 10 students participated in the Presentation Ball. This event is unlike any other; at the Bentleigh Presentation Ball we do not expect students to dance with a partner. Instead they work together as an ensemble, using this time to get to know peers with whom they may not have worked with before. Merrimu Receptions was the venue for this wonderful event. Our students put in six weeks of rehearsals, where they worked with Peter, Janita and Sherallen from Swish Dance Centre to put together a number of routines. Students were challenged as they worked together to learn and remember the steps that accompanied each of the catchy tracks. As the evening approached, preparations reached fever-pitch, but the efforts were well worth it! Our young men looked dashing in their black dinner suits and our young ladies were beautiful. The attention to detail was outstanding, hairstyles, make-up, dresses and shoes were all chosen with great care and they all looked spectacular on this special night.

Mr Nick Staikos MP, our School Council President Malcolm Guy and our school captains Michelle, Lexy and Adam kindly accepted the invitation sent by our Presentees to attend this very special evening. The evening included delicious canapes, a three course meal and it was pleasing to see the dance floor full all night! Many photographs were taken of this special evening, memories made for a lifetime. Darcy and Nathan of Year 10 were our videographers and photographers. We begin preparations for the 2019 Ball with great excitement and encourage Year 9 students to sign up to be part of next year’s Bentleigh Presentation Ball.
YEAR 10 GREAT OCEAN WALK

Mr Stuart Pearson, Outdoor and Environmental Studies Teacher

On Wednesday May 9, 2018 the Year 10 Outdoor and Environmental Studies class arrived at Bentleigh at the bright and early time of 5:50am! After a frantic hour of packing hiking packs, the class departed for the Great Ocean Road. After refuelling at McDonalds, we arrived at the Parker Hill campground to begin the hike. Students were well-prepared for the inclement conditions the Otways often provide and participated with enthusiasm and excellent spirit.

To start Day 2 the group was treated to an Indigenous history session at the Otway Lightstation, followed by an opportunity to climb the historical lighthouse. Despite the weather the students still got to see panoramic views of the stunning Shipwreck Coast and try a range of traditional Indigenous edible plants. After an early dinner (some very impressive meals were cooked) at Aire River campground the group got competitive with a minute-to-win-it activity, prior to retreating to the tents as the conditions worsened. Some high winds made it a sleepless night for some, and unfortunately cancelled our Otway Fly treetop ziplining experience. Luckily, we were able to head to a trampolining centre in Geelong and had some intense trampoline dodgeball matches. A lengthy final pack-up at school finished the trip and ensured all tents, trangias and group gear were clean. This group should be very proud of their efforts throughout challenging conditions. Next up this class has the Lake Mountain cross-country skiing trip (let us keep our fingers crossed for some good snow)!
YEAR 10 GHANDI IN THE 21ST CENTURY

Ms Taylor Veitch, Humanities Teacher

On Monday May 14, 2018 the Bentleigh Secondary College Year 10 Rights and Responsibilities class attended a Global Citizenship Conference at the Immigration Museum. The focus of the conference aligned with the museum’s current ‘Mahatma Ghandi: An Immigrant’ exhibit. Speaker, Margaret Hepworth encouraged students to be the change they want to see in the world and to be curious, not judgemental.

They were given the opportunity to discuss community and global issues with students from the Australian International Academy including how we might tackle terrorism through non-violence. Students also discussed how they could work towards reducing prejudice and discrimination, pollution and bullying in their own lives and developed skills in conflict resolution and understanding human behaviour.
YEAR 11 MODEL UNITED NATIONS ASSEMBLY

Ms Anna Boukouras, Head of English

My name is Sasha, a Year 11 student who together with Raphael Nafisi, also of Year 11 have been participating in the school program “MUNA”, the ‘Model United Nations Assembly’. We represented Malaysia and acted like the UN ambassadors for this country at the model UN. We tackled a wide range of issues from what the UN should do with Rohingya Refugees to Global Warming and the situation in Syria. Personally this was a wonderful opportunity to know how different countries deal with one another, politically, economically and with world affairs in general. Also, as a student from another country, I feel that this is a good opportunity to get to know other people from Australia. The activities were interesting and fun. I would like to thank my teacher Mrs Boukouras and the Rotary Clubs who organised this event. Thank you very much for this wonderful opportunity.  Sasha Mikhailouskaya, Year 11

Dr Intha Chetty coached and supported the Year 10 representatives for Brazil - Tia Lambas and Nino Landicho. Students dressed in costumes that represented their allocated countries, toured Parliament House and generally had a very rewarding experience.

Pictured below are (left to right) Tia Lambas and Nino Landicho, Year 10 who represented Brazil, Raphael Nafisi and Sasha Mikhailouskaya, Year 11.
YEAR 11 VISUAL DESIGN COMMUNICATION

Ms Sarah Hamilton, Visual Communication Teacher

At the start of Term 2, VCE Visual Communication Design students attended an excursion that gave them the opportunity to view folios and final designs produced by the state’s top VCE students in 2017, as well as attend an educational forum. Students were offered an understanding of the design process and folio creation, and were provided with inspiration for their own work. In addition, the students visited the National Gallery of Victoria where they viewed the Architectural Commission. It was a great day and I commend the students on their enthusiasm and excellent behavior.

Following the excursion, the Year 12 Visual Communication Design students also had a guest speaker from Holden Design visit the class to speak to them about the design process as part of their ‘Design Industry Practice’ outcome. The students had the opportunity to understand the work that designers undertake. It was a valuable experience for the students and gave them a greater insight into the design industry.
On Wednesday May 23, 2018 the Year 11 Outdoor and Environmental Studies class ventured out for their final outdoor experience in OES. We began our trip with an informative conservation activity with Parks Victoria Ranger Teaghan. We learnt of the current impacts on the Mornington Peninsula National Park and aided the picturesque coastline by clearing a section of invasion weed species Polygala. Next up was a chilly but enjoyable snorkelling tour of the Flinders Pier. Despite the poor visibility, students had fun duck-diving, observing crab species and practicing their snorkelling technique.

A windy Day 2 started with a presentation from the experts at Trigger Bros surf shop. The professional surfboard shapers discussed the changes in surfing technology including online wave prediction and observation, as well as the many modifications to surfboards over the years. This inspiring talk led perfectly into our surfing lesson with East Coast Surf School. Prue and the team were enthusiastic and educational as always, with most students successfully standing up on a wave (although some re-entered the water sooner than others)! After a quick lunch at Balnarring we returned to our home base of Iluka Retreat in Shoreham for a stand-up paddle boarding session. The group had a lot of fun swapping boards, doing yoga and competing in challenges. In the evening we had a unique activity at the Moonlit Sanctuary. The students each received a lantern as we explored the zoo, including hand-feeding wallabies and kangaroos. To finish our last trip we jumped, swung and ziplined through the trees of the Enchanted Garden high ropes course. The Unit 3 and 4 class will now buckle down in preparation for their upcoming SACs and end-of-year examination.
CROSS COUNTRY HOUSE CARNIVAL

Mr Toby Mahoney, Head of Sport

Bentleigh Secondary College held their Cross Country Carnival on Tuesday May 1, 2018. It was a beautiful day with the sun shining throughout the entire afternoon. A huge congratulations to all the students that participated. In one of the closest finishes we have ever had at a carnival it was Dendy (585) that came away with the win, finishing fifteen points ahead of Wickham (560). In 3rd position, only two points further behind, Fawkner (558) were 3rd. Hawker finished 4th on (474).

SPORTS NEWS
Ms Rachel Rosenbrock, Head of Sport

INTERMEDIATE BOYS AND GIRLS TENNIS
Congratulations to the Intermediate Boys and Girls Tennis teams for their efforts at the Southern Metro Region Tennis finals. Both teams advanced to the State finals on Friday May 25, 2018 after their wins against MacRob Secondary and Cheltenham Secondary. We wish the following students good luck for their final, Boys Team: Junyi Tang, Finn Hammond, Marko Vanovac, Bayden Hill, Jamie Grushka and Lochlan Curry; and Girls Team: Tamara Bajagic, Ella Hayward, Hayley Douthie, Rebecca Smith and Madeleine Johnson.

KINGSTON NETBALL CHAMPIONS
Congratulations to the Intermediate Boys and Girls Netball teams who were both undefeated in the Kingston Region Netball competition on May 3 (boys) and May 7 (girls). Both teams will participate in the Southern Metro Finals in August.
STATE FINAL TENNIS

On Friday May 25, both Intermediate boys and girls participated in their Tennis State Final at Boroondara Technical College. The boys team finished second in their pool of four, and therefore played off against St Joseph’s College Mildura in the Semi-final. Unfortunately the boys went down 1-5 on this occasion.

The girls team also finished second in their pool, and played against Maribyrnong Sports Academy in the Semi final. The Maribyrnong girls posed too strong and we went down in straight sets. All teams are to be congratulated on their efforts at Division, Region and State level. To make it to a State final is fantastic, and I hope all students are keen to continue their success next year.

Girls Team: Tamara Bajagic, Ella Hayward, Hayley Douthie, Rebecca Smith and Madeleine Johnson.
Boys Team: Junyi Tang, Finn Hammond, Marko Vanovac, Bayden Hill, Craig Stewart, Zane Pierzchalski, Jamie Grushka and Lochlan Curry.

KINGSTON CROSS COUNTRY

Mr Toby Mahoney, Head of Sport

On Wednesday May 23, 100 students and 6 staff members attended the Kingston Cross Country Carnival at Karkarook Park. It was a fantastic day with all students representing Bentleigh Secondary College proudly and running to the best of their ability. As a school we will have 19 students representing us at the Southern Metropolitan Region Cross Country event. This will be held on Monday June 18. Good Luck to all students that will run at this event.
WELLBEING NEWS

Olivia Irving, Respect Captain and Ms Julie Yelland, Head of Senior Wellbeing

On Thursday May 24, 2018 Bentleigh Secondary College celebrated ‘Rainbow Day’ (IDAHOBIT Day) in support of the LGBTQIA community and in support of respecting all differences in others.

The majority of students dressed for the occasion and enjoyed amazing live music in the PAC at lunchtime - the senior music performance group were outstanding. A ‘Best Rainbow Outfit’ competition was also held at lunchtime and our prize winners were Roxy Hellwege (Yr 9), Thomas Nguyen (Yr 9), and Madeline Bunn (Yr 8). Highly commended were AJ. (Yr 8), Joseph Folwell (Yr 9) and Felix Marsden (Yr 9).

Over $700 was raised at the event and will be donated to ‘Beyond Blue’.

Bentleigh Secondary College 2018
KOORIE CAREER AND PATHWAYS EXPO

Ms Kirstin Conway, Careers Co-ordinator and Mrs Julie Yelland, Head of Senior Wellbeing

On Wednesday May 23, 2018 a number of our indigenous students attended the first Koorie Student Pathways and Careers Expo which was held at The Gatehouse, Princes Pier. The students were able to talk with representatives from tertiary institutions and pathway providers including La Trobe University, Melbourne University, AFL Sportsready and RMIT. This was a fantastic opportunity to network with course advisors and discover firsthand the opportunities available for further studies and career opportunities.

Apart from gaining insight into supports available for indigenous students beyond their secondary schooling, the students were able to listen to a Welcome to Country by Gheran Steel, the CEO and Operations of the Boon Wurrung Foundation, who noted that ‘welcome’ was also seen as ‘come with purpose’. He also explained the four main values that were important to the indigenous people of the area: to learn, to respect, to celebrate and to acknowledge.

SAFE TEENAGE PARTIES

The E-book is a free guide for parents

Parents are often worried about hosting teenage parties. Most teenagers need guidance and many look to their parents for help in planning a safe party. Teenagers from Year 8 to Year 10, in particular, benefit from the support and direction of their parents. Establishing agreed parameters for safe parties is an important role for parents.

Naomi Oakley, Managing Director of U-nome Security and Founder of Safe Partying Australia, has developed an e-book that will provide parents of students with information to ensure they are well equipped to handle most situations. As well as providing input on invitation details, communication of the party, guest lists, informing police, control of teen behaviour, access to alcohol, Naomi will also provide other important tips to ensure your party runs as smoothly and safely as possible.

“I can’t stress enough the importance of having a safe venue and an Alcohol Management Plan.”

Naomi Oakley has worked with the Victorian Police for 13 years and has an additional 13 years experience in private teenage party security. She has planned and worked at over 1500 teenage parties and is leading the way in party safety and security nationally.
